

GIRLS EDUCATION COLLABORATIVE
invites you to join our new giving community:

IMPACT ALLIES

GEC's first project has launched, is no longer a 'start-up', and has entered growth mode! This was made possible by the dedication and contributions of many. As we grow, funding that is both **predictable and unrestricted** is the *most effective way* to accelerate our work and most importantly, reach our vision:

Increasing the number of girls who have the opportunity to transform their lives and that of their communities through the power of education.

A supporter who pledges an unrestricted gift of \$1,000 or more per year, over the course of three years, will join our new giving community: **IMPACT ALLIES**. In addition to our utmost gratitude, **IMPACT ALLIES** will receive unique benefits as a member of this giving circle:

- **IMPACT ALLIES** are GEC's new 'giving community', replacing Organizational Allies. Current Organizational Allies will be 'grandfathered' into **IMPACT ALLIES**
- Donations from **IMPACT ALLIES** are unrestricted and will be directed towards the greatest need - be it project, research & development, or core support.
- **IMPACT ALLIES** will receive a range of benefits, in accordance with their giving level and differentiated by Individual or Corporate status
- **IMPACT ALLIES** will have many opportunities to connect to GEC's work in a unique way and gain understanding of the impact their gift is making
- **IMPACT ALLIES** can be either individuals, businesses or social organizations
